

Trail Markers at the Fort Sage Off-Highway Vehicle (OHV) Area

The Fort Sage OHV trails are marked with brown vertical signs. On these signs you will find decals which designate the type of vehicle recommended for use on the trail, the recommended level of difficulty, and route numbers which correspond to the map available online and at the trailheads. Below are the symbols you will see and their meanings.

Vehicle Recommendation Markers:

Open to two wheeled motorcycle, all terrain vehicles (ATV) and four wheel drive high clearance vehicles

Red Slash means do not take the vehicle shown on the route

Level of Difficulty Markers

Black Diamond (Most Difficult)

Blue Square (More Difficult)

Green Circle (Easiest)

The "level of difficulty marker" rating system is based on difficulty off the other trails in the Fort Sage OHV area. Keep in mind, a trail signed more difficult in this area may be signed easiest

elsewhere. Trail conditions are always subject to change due to weather and other actions of nature and may change the degree of difficulty at any given time. Users should be aware that the Widowmaker trail is a very steep, hill climb type trail and is rated as the most difficult trail in the Fort Sage OHV area. Please use caution when riding and look for other users approaching in the opposite direction.
